

Draycote & Leam Valley Messenger

SUMMER PROGRAMME

Our Summer Programme continues throughout August (see opposite for all the details), with fellowship and refreshments available between the two services.

Each Sunday we will be holding 9am and 11am services in one single venue. We'll also be using the opportunity to explore themes and ideas in slightly different ways through a range of guest speakers, resources from Christian charities and less familiar liturgies.

Our normal service pattern returns in September, including a special Benefice service for the fifth Sunday of the month.

ROMANS COURSE

When we return to our usual pattern in September we will be running the Romans course across our Sunday services and small groups. Teaching in our main services will be from Paul's letter to the Romans whilst small groups will be watching and discussing videos that explore the letter in more details and complement those Sunday services (those who attended the Bible course will be familiar with the style of the videos as they are produced by the same organisation).

In addition to Bible Book Club and our existing home groups we will also launch some short term groups that people can join for the duration of the Romans course. This will include a Thursday night Zoom group.

For details of how to find and join a group for the midweek Romans Course content please e-mail Phil - revphilprice@outlook.com

CHILDREN AND FAMILIES TEAM

We recently commissioned Karen Armbrister as **Children and Families Team Leader**. Karen says:

I'm excited to be commissioned into this role and take on the brief for Children, Family and Youth ministry across the Benefice. I'm really going to need some help, so if you feel called to help in any way - from chatting with families to helping with refreshments, to doing crafts, playing games, reading stories, helping with publicity - please let me know. My prayer is to have a team of committed individuals all dedicated to sharing the Gospel with children and families across the Benefice, who worship, pray, learn, develop and have fun together as well. If you'd like to join me, whether you can give a lot or a little time, I'd love to hear from you.
